

War Cabinet Bill Introduced in the Senate

WASHINGTON, Jan. 21.—President Wilson has served notice on Democratic leaders in the senate that he will use all his influence and power to beat the bill to create a war council.

"The president will fight to the finish," was the word brought to capital today.

WASHINGTON, Jan. 21.—Establishment of a war cabinet of "three distinguished citizens of demonstrated executive ability" is provided in the senate military committee's bill as introduced today by Chairman Chamberlain. President Wilson and Secretary Baker are considering whether it shall be given administration support with the president apparently not yet ready to accede to his approval.

The war cabinet, the bill provides, shall be appointed by the president with the consent of the senate and is to have the following jurisdiction and authority:

"To consider, devise and formulate plans and policies, general and special for the actual conduct and vigorous prosecution of the existing war and to direct and procure the execution of the same.

"To supervise, co-ordinate, direct and control the functions and activities of all executive departments, officials and agencies of the government insofar as the judgment of the war cabinet may be necessary or advisable—for the effectual conduct and vigorous prosecution of the existing war.

"To consider and determine upon its own motion or upon submission to it, subject to review by the president, all differences and questions relating to the conduct and prosecution of the war that may arise between any such departments, officials and agencies of the government."

Another section would give the war cabinet power to use any or all power of other department executives.

Authority of Cabinet.

The war cabinet would have authority to make any necessary orders to any department, or bureau and all of the necessary rules and regulations. The secretaries of war and navy are directed to assign to the cabinet other officials to serve as subordinates of the cabinet.

An initial appropriation of \$500,000 is proposed.

A provision limiting the life of the war cabinet to six months after the termination of the war or at any earlier date after peace which the president may designate, is provided.

The cabinet would be given authority over conservation of appropriation acts subject to the president's revision.

Despite the president's announced determination to oppose the bill with all his resources, it was introduced in the senate today as planned by Chair-

man Chamberlain of the military committee and with the approval of practically all the Democrats of the committee who showed no disposition to recede.

Review of War Situation.

Russia's constituent assembly had been in existence but a few hours before it was dissolved early Sunday by the executive committee of the congress of Workmen and Soldiers' delegates. It is reported it will be supported by the Workmen and Soldiers' congress which has been supporting the Lenin government. Dissolution came after the Bolshevik adherents had been defeated in attempts to gain control of the assembly.

Bolshevik troops now guard the deserted assembly meeting place and Premier Lenin announces he will not permit the delegates to re-assemble. Whether the Social-Revolutionist majority will submit to the Bolshevik orders without protest is not yet clear.

Pan-Germans Hold Top Hand.

With the Pan-Germans in the political ascendency in Germany, there are serious strikes in Austria. More than 100,000 workmen have quit work in the vicinity of Vienna as a protest against Germanism and in favor of peace. The Vienna correspondent of one German newspaper says the Austrian strike movement demands a speedy peace with Russia and has grown too strong to be stemmed by force.

British warships finally have evened the score with the former German warships Goeben and Breslau. In an action at the entrance to the Dardanelles Sunday, the Breslau was sunk and the Goeben, suffering serious damage, was beached. The British losses were two monitors, one commanded by a nephew of Earl Kitchener and whose fate is unknown. The former German ships have been the mainstay of the naval defense of Constantinople since they found refuge there from pursuing British and French vessels at the opening of the war. Much damage had been done to Russian transports and supply ships in the Black sea by the two vessels.

Artillery and Aerial Fighting Increases.

Increased artillery and aerial activity on the western front has been accompanied by more frequent raids by both sides. There have been no attacks in force, however, and there is little to indicate any serious break in the winter activity. On the Italian front there has been only artillery fighting, most marked in the Monte Asolone sector and along the Piave.

Sixteen Airplanes Brought Down.

Sixteen German airplanes were brought down Saturday in France by French and British airmen. Entire warships have been bombed, one of the important German submarine bases on the Belgian coast.

FOURTEEN DEER IN FOOTHILLS NEAR NORTH OGDEN ARE BEING CAUGHT BY MANY CAMERAS

The incessant snow of the last two weeks has piled up such deep drifts in the hills that wild animals are being driven from their accustomed winter range to the valleys below, where they feed off haystacks and gain the protection of friendly farmers, according to O. S. Miller of North Ogden, who telephoned the Standard this morning that a herd of fourteen deer are on the hills southeast of North Ogden. The deer came out of North Ogden canyon yesterday and have been ranging about the foothills east of the Barker poultry farm, about midway between Ogden canyon and North Ogden canyon.

He stated that the animals are keeping in a bunch and are not difficult to approach. Several North Ogden men

left for the place where the deer are feeding, armed with cameras and field glasses in hopes of getting close enough to take a picture. There are several fine bucks in the herd.

A winter rarely passes that wild animals are not driven out of the hills near Ogden to the lower country where the snow is not so deep, but this is perhaps the largest herd of deer seen in many years under similar conditions. Usually bobcats, coyotes and other smaller animals are the first to leave the hills.

Deputies of the game department have been informed of the presence of the deer at North Ogden and have started a keen watch over them to ward off any possible attack from over-zealous hunters.

from Dailey's wife who signs her names as "Mrs. Annie Dailey." "He has promised me he will return as quickly as he has served his time and will take care of me. He says he has become a Christian. Please give him every encouragement. I believe his regeneration is sincere."

Mrs. Dailey, who in former letters claimed that "Dr." Dailey had married her and squandered \$10,000 of her money, later asserting, once in San Francisco and finally in Sacramento, wielded a club upon the prisoner as to and regeneration. That is, she threatened to have him arrested for wife desertion in the California courts. She demanded that he sign an affidavit agreeing to take care of her—the "doctor" lost but a minute in obtaining the services of a lawyer and forwarded the affidavit, declaring under oath that he had become a Christian and would be a dutiful husband from now on henceforth and until old Gabriel sounds his call. The wife believes him and will not prosecute. Instead, she asks Chief Browning to advise him to meet her in San Francisco instead of Sacramento, when released from jail.

"YOUNG MOTHER HUBBARD," a charming picture for grown-ups and growing-ups featuring Little Mary McAlister at the Cozy today and tomorrow.

Notis (England) Miners' association is increasing strike pay to \$7.50 a week to meet the higher cost of living.

The Navy Department recently set the following scale per day: Blacksmiths, \$4.96; cranemen, \$3.74; drop forgers, \$5.20 and \$5.60.

HARDENED AS SOLDIERS BECOME, THEY STOP IN THICK OF FIGHTING TO PERFORM ACTS OF MERCY

The top photo is one of the rare scenes in which the German soldier is performing an act of mercy—doing something humanitarian. The Germans are aiding British soldiers, who have just made them captive, to haul wounded men out of the dugouts. The photo is a British official and was taken during one of the recent advances on the west front. A windlass is necessary to bring the men out of their wrecked earth shelter to the surface, where medical aid is at hand.

KNIGHTS ARE TO GIVE A VAUDEVILLE SHOW

Plans are under way by the local Knights of Columbus to give a vaudeville show for the benefit of the Knights of Columbus War Camp Fund. At the national convention of the Knights of Columbus in Chicago last August, it was decided to raise an additional \$2,000,000 by popular subscription, \$1,000,000 having already been subscribed by the order, for the purpose of establishing recreation camps for the American soldiers in training at home and abroad. With this in view, the Ogden Knights have decided to present a vaudeville performance some time early in February.

Already the work of the Knights of Columbus recreation camps has received considerable favorable press comment and, in the eastern part of the country, donations in encouraging numbers have been received but so far the intermountain country has not made much of a showing.

M. J. O'Connor, local Grand Knight of the Knights of Columbus, in making a statement yesterday, said: "Much has been accomplished by the Red Cross and other organizations in securing contributions, but we propose to give the people something worth while for their money. The cause is the best, for we are providing places of recreation and education for American soldiers at all training camps and encampments."

Mr. O'Connor stated that the local performance would be strictly high class in every particular, being under the direction of Attorney Dan Sullivan, who is to use local talent exclusively.

Little Mary McAlister in "Young Mother Hubbard" at the Cozy today and tomorrow.

**TWO YOUNG MEN
FINED BY COURT**

Leon Jones and Thomas Stephens, charged with having liquor in their possession, reconsidered their original plea of not guilty in municipal court this morning, and entered pleas of guilty. They each were fined \$50 or 30 days in jail. They were arrested January 13 by Deputy Sheriff R. H. Soule.

Both are young men, good looking, well dressed and one is a first cousin of Medicine Bow, Wyoming. The county attorney was unable to be present in court this morning. Because it was their first offense and only two pints of liquor was found in their possession, Deputy Sheriff Soule recommended leniency. The suggestion of the arresting officer was supplemented by a short argument by Attorney George Halverson, counsel for the accused.

**IDA M. HEIDER IS
SUING FOR DIVORCE**

Divorce was started in the district court by Ida M. Heider against Frank Heider on the grounds of non-support and desertion. The couple were married at Oakland, Cal., on April 15, 1909, and there is a 7 year old child in the family.

ing that time, she claims, and has had to rely on the aid of friends part of the time. She asks that the court grant her a separation, costs of the action, attorney's fees, alimony and the custody of the child.

The plaintiff has filed an affidavit of impecuniosity with her complaint.

HARD-CIDER DRUNKS ARE APPEARING IN COURT

Cider—doped or the real article—is giving the enforcement officers of Ogden almost as much trouble as the sinner-pure bootlegger.

Because of the frequency of hard-cider drunks that have been appearing in municipal court during the last several days, Judge George S. Barker has ordered an investigation of the hard-cider joints. The police already have secured quantities of the fermented "apple juice" for tests.

"This hard-cider problem has reached a stage where it should be investigated," said Judge Barker. "The places where it is sold should be investigated. Liquids that produce intoxication, whether it is hard cider, whiskey, bay rum or other brand are prohibited. This court always has insisted that the man who sells is the genuine offender—the drunkard is the victim. I suggest that officers investigate the sales of hard cider."

Two defendants appearing in municipal court this morning pleaded guilty to hard cider drunks and each received a fine of \$50 or thirty days in jail. They were David Roach and J. L. Becraft, and both were arrested Saturday night by Officer Hearn. Roach stated that he had consumed about eight or nine glasses; Becraft also had taken about the same quantity. Becraft gave it as his opinion that "the cider must have been doped." Both men purchased, they said, at a bar on lower Twenty-fifth street, owned by an Italian.

There is a probability that a series of arrests will be made, although no announcement to that effect has been made.

Deaths and Funerals

BEETON—The funeral of Mrs. Hannah Beeton, wife of William Beeton, was held yesterday afternoon in the Latter Day Saints chapel at Deweyville, Box 100, near the junction of the Latter Day Saints road and the main highway. The speakers were Charles J. Dewey, J. B. Christensen and E. A. Larkin. Five sons and one son-in-law of the deceased acted as pallbearers. The interment was in the Deweyville cemetery, the grave being dedicated by Daniel Marble.

DENNIS—The funeral of Edmund William Dennis was held yesterday in the Larkin chapel with Rev. Gerding of the Seventh Day Adventist church officiating and Rev. Crawford of the Baptist church assisting. Special music was furnished by the Seventh Day Adventist choir. Interment was in the Ogden city cemetery.

PRIBBLE—The body of Forrest Pribble, who was accidentally killed at Medicine Bow, Wyoming, a few days ago, arrived in Ogden today and was taken to the Larkin chapel pending funeral arrangements. The father of the young man is also expected to arrive in Ogden today from Winnett, Mont.

YOUNG MAN SENT TO JAIL FOR PERIOD OF 30 DAYS

Alban M. Byrne, 21 years old, was sentenced to 30 days in jail in municipal court today, upon his plea of guilty to the charge of petit larceny. Byrne was arrested for breaking into the Neil McMillan pool hall on the night of January 2, and stealing a set of billiard balls, \$1.10 in cash and a large quantity of cigarettes.

"It is the boy's first offense," said Detective J. L. Hobson. "He and E. Smythe confessed to the robbery. The charge was made petit larceny instead of second degree burglary because of their youth—Smythe is only 17 years old. We do not want to make a convict out of this boy if a jail sentence will effect a reform."

Judge Barker acted upon Detective Hobson's suggestions and made the penalty light. The Smythe boy was turned over to the juvenile authorities last week and sent to his uncle's ranch in Wyoming.

THREE TRANSFERRED TO BE EXAMINED

The local exemption board has been informed from the commandant at the Puget Sound navy yard that Raymond E. Neelan, 2903 Lincoln avenue, is employed in the navy yard and therefore entitled to classification by the board in the emergency fleet list.

The medical examination of three men has been transferred to Ogden. They are L. S. McNally of Wells, Nev., Lon W. Fernin of 2335 Adams avenue, Ogden, and Taylor Band of Woodruff, Utah.

GERMAN EDITOR UNDER ARREST

Federal Officers Take Dakota Freie Presse Editor and Publisher.

ABERDEEN, S. D., Jan. 21.—J. W. Paul Gross, associate editor of the Dakota Freie Presse, a German newspaper published here, was taken into custody by federal officers yesterday following the arrest Saturday of F. W. Sallet, publisher, on charges of filing incorrect translations of articles appearing in the paper.

\$1.00 per couple, extra lady 50 cents.

TICKETS ON SALE at all leading drug stores, Hemenway & Moser Cigar Store No. 2, and The Bank Smokery.

POLICE DEPARTMENT M'ADOO WOULD WILL GET INCREASE IN WAGES RETAIN ROADS

It has become definitely certain that the city commissioners will take official cognizance of the high cost of living and respond to the petition of the members of the police department for an increase in salary. The petition will be presented at the regular meeting of the commissioners tonight.

"The petition has not been formally brought to the attention of the board, but I am positive there will be no objections," said Mayor T. Samuel Browning.

"I presume the petition will be presented tonight," said Commissioner M. L. Jones, this morning. "I understand it was formally prepared yesterday and will be filed some time today. We will have to investigate the city's budget from every angle and ascertain if salaries generally cannot be increased. The cost of living is soaring far beyond the figure upon the basis of salaries originally were fixed."

"I shall vote to increase the salaries of the officers of the police department," said Commissioner Chris Flygare. "I also shall undertake to have the street men in the water department raised. They are drawing \$2.50 a day and seldom get in a full month. With the prices of foodstuffs at their present point, a man with a family cannot live comfortably on the wages he was drawing a year ago. If retrenchment becomes necessary, the trimming must be done by some other method, in my opinion, than clipping salaries."

FATHER AND SON SENT TO PRISON

Taylor Adams and Cletus Adams Sentenced for Kidnapping Baby Lloyd Keet.

SPRINGFIELD, Mo., Jan. 21.—Taylor Adams and his son, Cletus Adams, charged with kidnapping Baby Lloyd Keet and also with conspiring to abduct C. A. Clement, a Springfield jeweler, entered pleas of guilty in the circuit court here today. Taylor Adams was sentenced to fifteen years in the penitentiary and Cletus Adams to ten years.

SUPREME COURT ISSUES ORDER

Federal Judge John M. Killits Must File Suggestions Why He Is Not in Contempt.

WASHINGTON, Jan. 21.—The supreme court today ordered Federal Judge John M. Killits, of Toledo, O., to file by February 4 any suggestions he has in connection with the motion to institute contempt proceedings against him for violation of the court's order against suspended sentences.

SHIPPERS AWARDED REPARATION

WASHINGTON, Jan. 21.—Ruling of lower federal courts that shippers awarded reparation by the interstate commerce commission for freight overcharges may recover the excess without proving actual damages or that they had not shifted the extra burden to consumers was today sustained and put into operation by the supreme court.

CROWDER ISSUES ORDERS TO BOARDS

WASHINGTON, Jan. 21.—Provost Marshal General Crowder has notified draft boards that it is contrary to the selective service regulations for boards to issue permits to men of draft age to go abroad to enlist in the armies of other nations. Some boards are reported to have been issuing such permits.

**P. D. ARMOUR TO
JOIN THE AVIATORS**

CHICAGO, Jan. 21.—P. D. Armour, Ill., will leave next week for a government aviation school. He enlisted as a private some time ago. A report that he had asked for exemption grew out of a misunderstanding of the questionnaire which he filled out in which he asked for a transfer of classification.

Would Not Return Lines to Private Ownership Until New Laws Were Made.

**NEW SITUATION
Does Not Favor Government
Ownership, But Some
Form of Control**

WASHINGTON, Jan. 21.—Director General McAdoo told the senate interstate commerce committee today he thought the government should retain operation of the railroads for some time after peace comes and not return them to private ownership until new and comprehensive laws had been enacted to govern them.

Would Retain Roads.

"It should be borne in mind," said Mr. McAdoo, "that by the end of the war the public to shippers will be accustomed to dealing with the government and I am convinced that a thorough time should be given at the end of the war before the railroads are turned back to their owners."

An entire new situation, he thought, would be faced when peace came that would have to be met by new and comprehensive laws and that it would be injurious to the stockholders to throw the railroads back into private operation without first adopting "comprehensive and rational legislation." This, he thought, would take time.

"Do you personally believe in government ownership," asked Senator Watson.

Should Have Government Control.

"No," replied Mr. McAdoo, "but I do believe it will be impossible to turn the roads back to their owners under exactly the same system by which they were operated when the government took them over. There must be some form of government control."

Senator Watson asked if the railroads, under government control, would not continue to operate under their old management except for orders given from time to time by the director general.

The fundamental principles of operation have been changed by orders already given, Mr. McAdoo said, and others are in contemplation which change entirely the routing of traffic.

Mr. McAdoo indicated, however, that if weather conditions improved that it might not be necessary for the fuel order to remain in effect as long as indicated. He declared the transportation situation was being greatly improved and that the entire fuel problem could be worked out so that his office could effect a better distribution.

U. S. TO CHARTER DUTCH STEAMERS

WASHINGTON, Jan. 21.—Charter by the United States government of all Dutch steamers now held in American ports has been decided upon by the Dutch government in a provisional agreement just signed in London.

The agreement provides charter for one round trip upward of eighty vessels now in American ports. The vessels are not to go into the war zones but five of the vessels will carry material for Switzerland and two will take cargo for The Netherlands Overseas Trust.

It is a part of the agreement that the ships shall carry 150,000 tons of food for the relief of the Belgians and may be used for other voyages later in American waters or elsewhere, possibly to Java for sugar.

**BONSPIEL OPENS
AT DULUTH CLUB**

DULUTH, Minn., Jan. 21.—The American Northwest's Premier Bonspiel opened at the Duluth Curling club today with sixty out of town rinks entered. The first stone in the 25th annual "spiel went over at 3 o'clock in the Hickory event. The bonspiel will not be concluded until late Saturday night and by that time it is expected more than 60 games will have been played.

One of the big features of the "spiel" is that two Winnipeg women's rinks are coming down to meet two Duluth women's rinks. This is the first time that female rinks have competed.

Women compose one-third of the employees in the chemical industry in Sweden.
